

CORPORATION INTERESTS DEFFATED IN THE HOUSE

Sections 36 and 37 Will Remain in Public Utilities Bill; Slattery-Fin Forces Are Routed by Progressives

By R. M. McINTOCK.

DENVER, March 17.—By a vote of 33 to 28, the house of representatives late this afternoon, after a bitter fight that had lasted three hours, voted not to strike from the public utilities bill those sections that give the railroad commission the right to regulate the issues of stocks and bonds of railway corporations. All three political parties promised in their 1912 platforms to give the people a utilities bill with regulation of securities. Yet all afternoon they fought against carrying out the specific and definite pledges, and when the vote came, 28 registered themselves as in favor of breaking their promise. Among them was Kavanaugh of El Paso county.

For over a week the fight has raged, the progressives of all parties on the one side and the reactionaries on the other. Senator Patterson lent the weight of his influence to those who favored the breaking of the pledges, and every big interest in Denver naturally was lined up on the same side, yet a majority of the house stood fast. It ought to be a matter of no surprise that men should keep their solemn promise, but in Colorado past years have not given the people much cause for confidence in their representatives.

Speaker Skinner forced the fight all along the line, compromising and back of him were Persons, Weaver, Gallup and others. Aligned against them were the Slattery-Fincher Democrats, the Hasty Republicans and four men who had been twice pledged to the regulation of stocks and bonds on both the Republican and Progressive tickets, and who broke their pledges to the people. Slattery first moved to strike sections 36 and 37 from the bill. His forces were beaten on this motion, 38 to 27, on a standing vote. All the Republicans, together with Humason, Carrigan and Howells, Republican-Progressives, also voted to eliminate these features. Then Slattery moved to exempt railroad issues alone from regulation. This motion lost, 33 to 28. A roll call was demanded, resulting as follows:

How They Voted.

Ayes, Democrats—Andrews of Den-

TELLER COUNTY TAKEN FROM FOURTH DISTRICT

By Lieutenant Governor Fitzgerald casting the deciding vote, the state senate yesterday afternoon, by a vote of 18 to 17, decided to cut off Teller county from the fourth judicial district, in which El Paso is located, and place it in the eleventh judicial district. Contrary to reports, the removal of Teller county from this district will not effect the district judges, W. C. Morris, J. W. Shearer and J. E. Little, for the district attorney, M. W. Purcell, except that they will not handle judicial affairs of Teller county. Appointees of the fourth district probably will lose their positions as the result of the change.

Senators W. C. Robinson and Arthur Cornforth of this city voted against the measure. The entire vote was as follows:
Ayes—Adams, Affolter, Berry, Burris, Carver, Gorman, Hills, Joyce, Metz, Napier, Pearson, Robinson, Helen, R. A. Sharkey, Tierney, Tobin, Tulliver, West, Fitzgerald.
Nays—Blacks, Blakes, Cornforth, Gross, Hayden, Hecker, Hies, Lites, MacArthur, Morris, Parrish, Reynolds, Robinson (W. C.), Stephan, Tucker, Welland and Williams.

Senator Robinson's divorce bill, which he explained here before the El Paso County Bar association, and which was introduced by a vote of 15 to 13. It is likely that the bill will come up for a reconsideration today. The measure was introduced by a number of local organizations.

SAYS WOMAN JUDGE SMUGGLE BALLOT

Colorado City Council Wants to Know Standing of Election Judges

"I can trust him."
Well, I'm glad somebody can. These remarks, the last one spoken ironically, and many others like them, characterized that portion of the meeting of the Colorado City Council last night that was devoted to settling on the judges for the election April 1. Charges were hurled back and forth, and at the time of the election of the charter convention one woman judge had smuggled a ballot around in her pocket until caught and compelled to give it up to be counted. Other charges were made that at the same election and in the same precinct one man who was a judge had thrown out several ballots illegally.
At times, the meeting threatened to break up into a free-for-all fight, that would involve not only the five aldermen present, but the mayor and one of the spectators as well. Fingers were shaken under noses, and hot words were passed back and forth at various times by nearly all the aldermen. The whole affair developed because

"EXIRA"

President Wilson Issues Call for Extra Session of Congress April 7

STUMBLE OVER INCOME TAX

Famous Schedule "K" Causes Democrats Much Worry

Already

WASHINGTON, March 17.—The extra session of congress called by President Wilson today to assemble April 7, will begin with nothing but the tariff revision bills before it. This fact was made clear in a statement today by Representative Oscar W. Underwood, chairman of the house committee on ways and means. Until tariff legislation is well under way in the house, no general committees will be named, and no other legislative subjects will be taken up.
The president specified no subject for the extra session in his proclamation; but it is fully understood that his message to congress at its opening will dwell upon the need of tariff revision. It is generally expected that the success of tariff revision is assured. Senate committees are organized for work and will take up the preliminary stages of much general legislation early in April. A general agreement exists, however, to keep general subjects out of active discussion until tariff legislation is under way.

Everything in Readiness.
"The date fixed by President Wilson is satisfactory to us," said Representative Underwood today. "The tariff legislation will be ready for presentation to the house by that time and we should be at work upon it in the house before our adjournment."

Of course, before work is begun it will be necessary to organize the house. The ways and means committee will prepare a state of committee appointments to be presented to the caucus. The plan is to organize only the committees necessary to conduct the organization of the house rules, accounts, mileage and enrolled bills.

"I will confer later with Chairman Fitzgerald of the appropriation committee as to the necessity of reorganizing the committee to handle the appropriation bills which failed at the last session. Those will be the only committees organized prior to the beginning of the tariff work. The others will go over until late in the session."

The tariff legislation now being completed by the ways and means committee.

GOV. AMMONS SIGNS TUBERCULOSIS BILL

Says Measure Will Not Hurt Tourist Business of the State

DENVER, March 17.—Governor Ammons today signed the tuberculosis bill, the banking code bill and the highway commission bill. In making the tuberculosis measure a law, he issued the following statement:
"I have signed what is known as the tuberculosis bill, because I believe it will benefit not only those who come to Colorado in search of health, but the residents of the state as well. Most of the objections that have come to me have evidently been founded upon an incorrect understanding of the measure. A general misapprehension exists as to its provisions. It is not a registration law. It is a notification law.
There is nothing in its provisions that will work a hardship on any person who comes to Colorado seeking health. On the other hand, I believe it will be of material aid to that class of people. Under its provisions, health seekers are given the benefit of a knowledge of our entire medical facilities, which has been gained through years of experience in the treatment of persons afflicted with tuberculosis.
The idea which seems to be prevalent throughout the east, that it will keep health seekers from Colorado, is entirely erroneous. There is nothing in this measure that will bring about this effect, but by its provisions Colorado climate and sunshine are safeguarded for those who come to Colorado in the battle for life. It is a sanitary measure, nothing more."
"After all, the main thing is administration, and I have perfect confidence that the state board of health will not administer this law to injure anyone, but will use its provisions only to promote good. There will be no radical action."

To Hold Conference Today.
NEW YORK, March 17.—Representatives of 34 eastern railroads and of 125,000 men employed as conductors and trainmen will hold an informal conference tomorrow to discuss the demands of the men for a 15 per cent increase in wages.
A. R. Garretts, president of the Order of Railway Conductors, and W. T. Lee, president of the Brotherhood of Railway Trainmen, will act for the employers. Mr. Lee said he hoped the grievance of the trainmen could be settled without resorting to arbitration under the Erdman act.

WILSON REENTERS JERSEY POLITICS

RUSHES TO DEFENSE OF PET MEASURE

McCombs May Yet Accept French Ambassadorship, He Asserts

WASHINGTON, March 17.—President Wilson turned his attention today to the political situation in New Jersey, where the Democratic party is divided on the question of a tariff reform bill and the senatorial contest in Maryland, where William L. McCombs has been a campaigner against Senator John Walter Smith, seeking reelection on the ground that Mr. Smith is not a progressive.
The president also listened to a committee of woman suffrage leaders, introduced by Representative Baker of California, who urged the passage of the extra session of congress to the adoption of an amendment to the federal constitution, giving the ballot to women. Mr. Wilson indicated that while he might not accept a recommendation at the extra session he did not wish his attitude to be construed as opposed to woman suffrage. He made it clear that his mind was open on the subject.

Reenters Jersey Politics.

The president threw his influence into New Jersey politics to secure the passage of the bill empowering committees appointed by the governor, rather than specific, to draw jurors. He persistently advocated this measure before he resigned as governor, but since that time of abandonment, he has been attracted to the bill providing for independent of the question. Holding that the object of the reform was to elect the judge and eventually kill the reform, Mr. Wilson has said he feels that the people already have approved the idea by electing the Democratic legislative ticket on a platform pledged to jury reform.

While the president himself has made no statement as to the purpose of a telegram he sent today to Governor Fletcher and J. Warren Davis, Democratic majority leader in the state senate, intimating that the White House wishes to put the various candidates for the governorship on the merits in the present situation. He has not committed himself as yet to any of the candidates who will run for governor in the primaries next September, but it is very probable that his activities in the various candidacies manifest now for or against what he considers a piece of progressive legislation.

William L. McCombs of Baltimore, who in a public statement recently declared that the president had requested him to become a candidate of the

(Continued on Page Two.)

AVERY'S PETITIONS HAVE 30 SIGNERS

Papers Show That Seventeen of Them Spell Chief's Name Incorrectly

In view of the reports of the tremendous public demand for Mayor Avery to be a candidate for reelection, there may be some curiosity as to the signers of the petitions. The petitions were taken up last Tuesday by William F. Rappin and filed that afternoon by E. S. Cohen. Acceptance of the nomination was filed by James H. Bruce, who attested it as a notary public. There are 30 names signed to the petitions, and of this number 17 apparently did not know how to spell the mayor's name, and spelled it with two r's. Signers of the petitions are as follows:

Thomas S. Brigham, 1228 North Nevada avenue; Charles W. Kirtz, 1519 North Nevada avenue; E. W. Middagh, 1612 North Nevada avenue; C. P. Dickson, 524 North Walnut street; Edgar H. Madden, 320 South Sixteenth street; J. H. Madden, 1401 Colorado avenue; M. Greenberg, 115 East Dale street; C. W. Ligo, 331 East Boulder street; L. T. Christopher, 1423 North Weber street; Dr. E. L. Huestis, 701 North Tejon street; James H. Bruce, 227 North Prospect street; John R. Stone, 321 Moss Road; J. D. L. Thompson, 1015 North Corona street; William Garfield, 117 East Española street; Lawrence T. Gray, 18 North Cascade avenue; W. Donaldson, 18 Boulder Crescent; Earl T. Tucker, 24 Boulder Crescent; Louis J. Pelta, 125 East Williams street; J. A. McNeill, 1653 North Washington street; Ady B. Noy, 324 Grand avenue; W. R. McCoy, 325 East Monument street; J. Hays Bush, 323 North Weber street; William Sexton, 536 West Dale street; C. B. Briggs, 1261 North Nevada avenue; F. P. Parker, 912 South Cascade avenue; Charles E. Taylor, 4118 Grant street; Vincent King, 122 South Tenth street; William Triflet, 521 North Washington street; Charles F. Garriett, 192 East Pike street; Rev. E. H. Liles, pastor of the Boulder street Presbyterian church, who was nominated for commissioner through the office of Dr. F. C. Chamberlain and who later accepted, announced to the city clerk yesterday afternoon that he would withdraw from the race. The Rev. Mr. Liles is the only one of the 32 candidates for commissioner to withdraw. None of the candidates for mayor withdrew.

FRIEDMANN TO GIVE FREE CLINICS

Dr. Friedmann of This City Says Brother Wants to Aid Humanity

WILL TREAT 100 THURSDAY

Greater Interest Being Taken in Discovery of German Scientist

NEW YORK, March 17.—Dr. Friedrich Friedmann is ready to treat without charge 100 sufferers from tuberculosis, according to his brother, Dr. Arthur Friedmann, who declared today that it was a crime not to permit him to do so. Dr. Friedmann has been refused permission by the medical authorities of the city to give his treatment except in connection with certain hospitals. Since his arrival hundreds of sufferers have been brought to him to aid them.

A dozen persons suffering from pulmonary tuberculosis received Dr. Friedmann's treatment at Bellevue hospital today. All were in an advanced stage of the disease. Hundreds assembled outside in the hope that they might be treated but if except those previously selected were turned away.

Anxious to Aid Humanity.

Many of these people have come from out of town and they cannot be taken into the city hospitals because they do not live here. Arthur Friedmann declared. He told of a victim of the disease who had had daily sittings to Dr. Friedmann at his hotel for 10 days.

"This man," he continued, "has a temperature of 104 and 105 and is walking about the streets. He may die at any time, but he has come here to get his life back. Dr. Friedmann can treat only cases in hospitals and those under care of a government physician. There are hundreds of persons in New York to whom he wants to give his treatment for the benefit of humanity, but his hands are tied. He is eager to treat those patients, rich and poor alike, about whom he says it is a crime not to allow him to do so."

Treat 100 Thursday.

The Bellevue hospital clinic was an official test of the eyes of government surgeons, Doctors Anderson and Stinson of the United States health and marine hospital service. After treating the patients he lectured briefly and answered many questions of the attending physicians, according to a report from the demonstrating room.

From this clinic Dr. Friedmann went to the hospital for 40 degenerative and joint diseases. He examined 25 adults and children, learned their medical history and took X-ray pictures. He will examine other patients tomorrow and will treat about 100 persons on Thursday. Beginning Tuesday of next week he announced he would hold free clinics weekly at this hospital.

At the Montmorency home 11 more patients were treated by the Berlin physician in the presence of Doctors Anderson and Stinson. Cases that had been showing improvement he rejected on the ground that they would not offer a fair test of his treatment.

BRYAN BUTTINSKY ASSERT ENGLISH

SEVERELY CRITICISED FOR SPEECH

Says Irish Home Rule Will Be Liberating Factor for Whole World

CHICAGO, March 17.—Secretary of State Bryan, in his address here tonight at the St. Patrick's day banquet of the Irish Fellowship club, reiterated his words of Saturday at the St. Patrick's banquet in Washington.
Two years from now Ireland will be celebrating home rule," he said. "There is every reason to believe that the house of commons will pass the bill again and make it law."
Mr. Bryan declared that the victory for Ireland would be a victory for the world and would mark the end of aristocratic rule.
"When the house of lords is compelled to bow to the people," said Mr. Bryan, "it will mean the beginning of home rule for the whole earth. It will be a tremendous triumph for Ireland and her part in the great struggle will be gratefully remembered by every country that is struggling for freedom."
The victory of this great principle will not be acceptable at first, perhaps to Great Britain and Scotland, but in the end they will find that it is immensely to their benefit.
Mr. Bryan did not refer at any time during his stay here to national or

(Continued on Page Two.)

WOMEN SHOULD FIGHT FOR VOTE

DECLARES SOCIALIST IN ENGLAND

Militants Declare War on All Opponents of Their Cause

LONDON, March 17.—The militant suffragettes have declared war against the states who are working for the vote of women by constitutional means.
A meeting of the constitutionalists, which Philip Snowden, Secretary of the House of Commons, addressed at last night, was thrown into confusion by militants who fasted in the gallery. Mr. Snowden, quiet as not, was not restored until the stewards making female ejected the more warlike supporters of the suffragette movement.

The order for the forcible removal of the militant element was given by the chairman, and was accomplished only after vigorous resistance on the part of the militants.
Mr. Snowden declared that no government would be able to deal comprehensively with franchise reform unless prepared simultaneously to grant franchise to women.

George Lansbury, the former Socialist member of the house of commons for the Bow and Bromley division of Tower Hamlets, who resigned his seat in parliament as a protest against the refusal of the government to give votes to women, and was defeated for reelection last November, made a threatening speech before the Men's Federation for Women's Suffrage tonight. He said that if public opinion did not compel the government to use the power to preserve order at public meetings there was only one thing to do and that was for the men to arm themselves and preserve order.

Mr. Lansbury also attacked the labor party for not forcing the government, as it could do, to give women the vote. The laborites, he said, were stalling, betraying and fooling the women.

The Address Franchise league has protested against the recent canvass by a theatrical tourist on the question of suffrage. This poll showed 24 in favor of women's suffrage, 326 against it and 845 indifferent.
It is pointed out in the protest that the league has only 50 members and therefore the negative replies probably were received from actresses of the musical comedy and variety stages.

AMERICAN FUEL CO. DECLARED INSOLVENT

GREENEY, March 17.—On the application of Mrs. Anna Jackson, the American Fuel company was declared insolvent tonight and George M. Williams was appointed receiver under a bond of \$10,000.

The receivership came as an anti-climax to a strike on the property declared today by a thousand miners for failure to make up a deficit in wages. The miners claim that the fuel company violated the agreement made January, 1913, by which the miners agreed to work two weeks a month without pay from the company, the deficit being made up to them by the national organization of the United Mine Workers. It was charged by the miners that the company had agreed to reimburse the miners for lost wages last Saturday in order that the miners might reimburse the union. This the strikers asserted the company failed to do. The application for the receivership followed.

MEXICO ASKS RECOGNITION BY U. S.

Sends Envoy to Washington to Explain Situation in the Rebellious Republic

PREPARE FOR BATTLE AGAIN

U. S. Officer Is on Scene to Protect Americans if Necessary

WASHINGTON, March 17.—Juan Carlos Ramos, a wealthy Mexican, a close friend of Felix Diaz, is here to try to secure from the United States recognition of the Huerta provisional government in Mexico. Señor Ramos has seen both President Wilson and Secretary Bryan. Although he has been in Washington several days, the real purpose of his visit did not become clear until today, it having been announced when he arrived here that he was in the country merely as a visitor and to look after some of his personal interests.

Señor Ramos has considerable interests in the United States, and being a prominent land holder in his own country. It is understood that he told President Wilson and Mr. Bryan that Huerta was exerting his utmost power to restore tranquility in Mexico, and that the recognition of his authority by this government would be of invaluable aid in securing permanent peace.

Huerta Visits Wilson.

MEXICO CITY, March 17.—Provisional President Victoriano Huerta, disregarding all precedents, today called upon Henry Lane Wilson, the American ambassador to Mexico. This is the first time it is said that a Mexican president has called upon a diplomatic representative of a foreign power, and technically, by his act, left Mexican territory. The chief executive was accompanied by Francisco de la Barra, minister of foreign affairs.

President Huerta told Ambassador Wilson he had retired the understanding between the American embassy for and the foreign minister, that all questions pending between the United States and Mexico be taken up and adjudicated as soon as possible. He referred especially to the claims of Americans arising from the Mexican revolutions, and also to the Chamizal boundary and other disputes.

General Huerta reiterated that it was his desire to continue the friendly relations of the two governments, and he personally expressed gratitude for the friendly efforts made by the American ambassador to bring about

Mexican Joan of Arc Leads Troops Until She Is Shot

LAREDO, Tex., March 17.—Defeated in their first attempt to capture Nuevo Laredo, the little band of Carranzistas, who surprised the federal garrison of the Mexican border town early today, encamped in the hills several miles to the south tonight, evidently to await the arrival of reinforcements before attacking again. It is reported that more troops are hurrying to the aid of both forces, and possibly will arrive tonight. The fate of the battle is anticipated, of dragoon machine gun and ammunition are being hurried to the federal side, it is reported.

The rebel attack this morning was vigorous and was marked by the death of a woman who led one of the fiercest assaults, in spectacular fashion, at the head of the bands of insurgents. The woman, identified as a relative of Carranza, was killed as she charged the federal lines, and shouting encouragement to her men.

Twenty rebels and 16 federals are known to have been killed. About 40 wounded are being cared for at an improvised hospital by American physicians, with women from Laredo, who crossed the border immediately after firing ceased and volunteered their services, acting as nurses.

Open Battle at Daybreak.

The rebels, numbering about 200, followed by Carranza, entered the city last night and opened the battle at daybreak with a fusillade fired from a factory building. The federal garrison of 50 men was in action within a few minutes, and the battle continued for an hour and a half. The rebels finally being driven to the hills.

A number of rebel wounded were shot to death by the federals. It is said, and an accurate estimate of the casualties will not be possible until a more complete exploration of the streets and alleys, through which the battle raged, is made.

A fire broke out in the United States city is patrolling the border, and the police force at Laredo has been augmented to protect the city. Export for the million Nuevo Laredo practically is deserted tonight.

WILSON REENTERS

(Continued from Page One.)
approaching primary against Senator John Walter Smith, visited the White House today. Many Maryland leaders have been told the president but nothing definite has come from the White House to indicate whether or not he had sanctioned Mr. Marbury's fight against Senator Smith.
There is no change in the situation. Mr. Marbury announced as he left the executive offices.
With the adjournment of the special session of the senate, no more appointments are expected until the extra session of congress, beginning April 7, though there is a likelihood of recess appointments in urgent cases. The senate will continue the nomination of Charles P. Neill to be commissioner of labor statistics, and it was not indicated at the White House whether there would be any recess appointment in his case.
McCombs to Go to France.
It became known today that John Bassett Moore, formerly had accepted the post of counselor to the department of state, to succeed Chandler Anderson, and National Chairman William F. McCombs had virtually decided to become ambassador to France. His nomination was to have been sent to the senate today, but it was held up pending more definite word from Mr. McCombs, who was reported to be wavering on account of business reasons. He probably will not make his final decision until the extra session begins.
Norman E. Mack, former chairman of the Democratic national committee and at present national committeeman from New York, talked over federal appointments in the Empire state with the president. Mr. Mack has been mentioned for a diplomatic post. He said, however, this subject had not been discussed.
National Committeeman Fred P. Lynch of Minnesota urged the president to appoint E. A. Tamm, companion of the general land office.

CLEVELAND CHIEF OF POLICE IS DISCHARGED

CLEVELAND, O., March 17.—The civil service commission announced tonight that it had found Chief of Police Fred Kohler guilty of "gross immorality, conduct unbecoming an officer and gentleman and conduct subversive to good order and discipline in the police department," and immediately discharged him from office.
The above charges were filed by Mayor Baker and the trial of the chief was heard last week.

Remarkable Catarrh Cure Gets Right into the Affected Parts and Stops Gathering in Eyes, Nose, Throat and Lungs.

"Nine-tenths of humanity suffer with catarrh but do not know what catarrh is," said an expert doctor, a specialist in blood analysis. "It is treated locally because nature tries to drive it out of the system. But nature must have help. Nasal catarrh is merely an outlet, and it is folly to expect a cure by inhalants or local applications. If a stream is polluted at its source it is ridiculous to waste time in purification at its mouth. Catarrh is a long series of elaborate experiments at the Swift Laboratory. It is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxin remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Pure Sulfate, as it is widely known. S. S. S. is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for antitoxin elements that perfectly cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making materials to enter the intestines, combines with the food and cleanses the circulation, and in less than an hour is at work throughout the body in the process of purification.
You will soon realize its wonderful influence by the absence of headache, a decidedly improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils and all scrofulous conditions. For special advice on any blood disease write in confidence to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggist's.

U. S. WILL CONSIDER CHINESE PROBLEMS

Cabinet Will Review Important Statement at Today's Session

WASHINGTON, March 17.—President Wilson will present for the consideration of the cabinet tomorrow a statement concerning China which is intended to be made public from the White House later in the day. White House and state department officials observed tonight the strictest secrecy about the statement and no one would venture an intimation as to its probable contents. It is known that the president and Secretary of State Bryan have held several conferences on the subject of China and a particularly long talk held in the executive offices just before the secretary's departure for the west was said tonight to have been devoted largely to Chinese questions.

Begorra, Waiters May Strike, Irish Feast Just Same

LONDON, March 17.—The waiters of the Hotel Cecil took advantage of the Irish national banquet tonight to inaugurate a strike but the management conceded their demands and 700 patriotic Irishmen enjoyed the feast.
Proposing the toast, "Ireland, a Nation," John Redmond, leader of the Irish parliamentary party, said that opposition to home rule in Great Britain was dead and the general feeling was one of impatience and regret that the house of lords still had the power to delay the passage of the measure into law.
"But," added Mr. Redmond, "we have only to possess our souls in patience for a few months more, and the home rule bill will be the law of the land with the good will and sympathy of the whole empire."
Loud cheers greeted the reading of a cablegram from the United Irish League of America, announcing the dispatch of another \$10,000 for the cause.

BOSTON, March 17.—A St. Patrick's day gift of \$10,000 to the Irish home rule fund was sent today by the United Irish League of America through National Treasurer Thomas B. Fitzpatrick of this city. A cablegram announcing the gift was sent to John E. Redmond, John Fitzgibbon and the Rt. Rev. Patrick O'Donnell, trustees of the fund.

TARIFF ONLY PROGRAM

RED BANK, N. J., March 17.—A five and ten cent store was wrecked today by an angry mob that objected to St. Patrick's day souvenirs displayed in the windows, declaring that the display held up to ridicule things which they considered sacred.
The Democrats of the ways and means committee adjourned tonight until tomorrow after beginning a revision of the intricacies of customs enforcement, in the administrative sections of the tariff and informally discussing the income tax plan in a general way without attempting to reach a decision as to that new revenue raising scheme designed to add perhaps \$100,000,000 to the treasury funds.
While the income tax details hinge upon the final estimates of the probable revenue from the 14 schedules, the disposition of the committee majority is to inaugurate the system with probably a one per cent tax on a minimum of \$2,000 annual income, with the idea that the tax may be subsequently lowered to the income minimum or a raising of the tax percentage or both if conditions necessitate after the plan is floated.
The big fight pending now is the always controversial schedule "K," the big wool schedule on which a final vote is likely within the next three or four days. The advocates of free raw wool in the committee have counted upon winning in the end, regardless of what the probable attitude of the senate might be. The majority already has settled upon free raw wool and upon sharp reductions in the cheaper grades of textile manufactures.

Decide on Revision Plan.
The revision plan as settled upon contemplates substantially the principal provisions of the Democratic revision bills that were put through both houses in the last congress. It was stated tonight that the revision as planned includes:
Schedule A—A reaffirmation of most of the rates on chemicals, silk and paints provided under the Democratic chemical revision attempt at the last congress, with some sharper reductions, including cuts in the rates on cheaper grades of soap and lower duties on oil entering soap manufacture.
Schedule B—Reduction from the present rates on cheaper pottery, earthenware, china, earthenware, porcelain, stone and crockery were now assessed 35 and 60 per cent, denounced by importers as exorbitant if over 30 or 35 per cent; simplification of classification to differentiate between other earthenware and china.
Schedule C—Substantially a reaffirmation of the iron and steel schedule proposed by the Democrats in the Sixty-second congress.
Schedule D—Rough and dressed timbers, heavy and squared timbers, shingles, laths and fence posts, made free and reductions in other items.
Schedule E—Free sugar and other provisions of the former Underwood free sugar bill, the loss of approximately \$30,000,000 revenue from which to be offset by the income tax.
Schedules F and H—Retention of

The statement is correct, that this is the greatest selling cigarette in this country.

EATIMA TURKISH BLEND CIGARETTES

This delightful Turkish-blend of pure, choice tobaccos is not a mere cigarette—it's a quality "distinctly individual"—quite different, you know. You'll like them!

high rates of duty on tobacco, cigars, cigarettes and snuff and spirits, wines and beverages all regarded by the committee majority as luxuries to be taxed as such as they can stand from a revenue raising standpoint.
Schedule G—(Agricultural products)—Numerous changes, particularly a sharp cut on lemons, a compromise on the fight for free lemons involving the citrus fruit on the Pacific coast, meats and cattle, whether dutiable or free, still undetermined.
Schedule I—Free raw cotton, substantial reductions on cheaper grades of cotton goods, practically as proposed in the last congress.
Schedule J—Retention of most of the flax, hemp and jute rates except cuts on cheaper grades of linen and other manufactures.
Schedule K—Sharp reductions on a large variety of cheaper woolen products along the lines of the previous Democratic bills, with a tight still on for free raw wool.
Schedule L—Approximately the present high rates on silks and silk goods, as luxuries.
Schedule M—Free wood pulp and print paper, probably with the elimination of the present restrictions as to reciprocity.
Schedule N—Reductions in numerous "amirals," including harnesses and saddlery.
Free list. Substantially the free list proposed at the last congress, with additions, but with the question of free meats and cattle unsettled.

MEXICO ASKS

(Continued From Page One.)
peace during the recent disturbance in the capital.

Prepare for Battle.
NACO, Ariz., March 17.—Nearly 2,000 state troops are closing tonight on the little Mexican border town opposite this port. After the defeat Saturday, when General Ojeda's 500 federals sallied out and routed nearly 1,000 constitutionalists, the soldiers of the insurgent army are intent on acting without delay. Especially bitter is the feeling over the execution of prisoners by the federal general's orders.
It was learned today that Col. Juan Cabral, with 750 state troops, is moving by rail from Nogales over the branch line which circles south from Nogales to Del Rio and north again to Naco. This strong force, commanded by one of the chiefs who took Nogales last week, is in addition to other groups moving from the east and west. From the direction of Agua Prieta, Colonel Calles and Bracero, defeated in the first battle here, are moving westward, and on the way reorganizing their scattered forces, which originally numbered 850. From Nogales directly along the border 250 picked Yaqui braves are making a forced march to arrive in time with the other groups of state troops. Hearing of the approach of their tribesmen, a few of the Yaqui members of Ojeda's command have deserted, depicting the already small force of the Huerta garrison there.

U. S. Officer on Scene.
With the return of the state troops in greater numbers than before comes fear of another battle on the border. It is doubtful if General Ojeda will dare venture out as he did Saturday to meet an enemy four times his strength. Facing a situation similar to that occasioned by the retreat to Nogales, when bullets fell into the American camp, Colonel Guiffole, commanding the Ninth (negro) cavalry, is here today. He notified General Ojeda that the federal commander would be held responsible for any danger to Americans on the Arizona side of the line. General Guiffole also ordered troop movements, which tonight made a total of nine troops of cavalry, including troops of the Ninth, from Douglas and the Fifth, from Fort Huachuca, stationing on the border near this point. Also by order of the United States cavalry colonel, workmen late today began the construction of a bullet-proof adobe building, located in Naco, Ariz. This structure will be employed as a refuge place for women and children, should fighting occur in the Mexican town, directly opposite.

CANANEA, Sonora, March 17.—Two hundred state troops left here today to participate in the movement against Naco. Their departure was not contested by the federal troops, which remain in their barracks here.

ADMIRAL EATON DID NOT DIE OF NATURAL CAUSES, IS BELIEF

HINGHAM, Mass., March 17.—After four witnesses had been heard today at the inquest into the death of Rear Admiral Joseph G. Eaton, the proceedings were adjourned until tomorrow. An official closely connected with the investigation said tonight:
"The authorities because of things plainly apparent at the bedside of Admiral Eaton have come to the conclusion that he did not meet death through natural causes."
This official further stated that the authorities are considering the possibility that the admiral committed

suicide but would not say whether the investigation had given any indication of this.
District Attorney Barker would neither confirm nor deny the quoted statement of the official.
Judge Pratt, who is presiding at the investigation, declared today:
"This case seems so important that I shall weigh with unusual care every statement to be included in my report." This report, he added, might not be ready until the end of the week. After three witnesses had been examined here this morning, the investigators went to the house of the late admiral in Norwell. There, it is understood, Mrs. Harrison, mother of Mrs. Eaton, was the only witness examined. At Hingham the witnesses questioned were:
Dr. Joseph Franks of Norwell, the Eaton family doctor; Ralph P. Keyes of Dorchester, husband of a daughter of Mrs. Eaton by a former marriage, and Dr. C. H. Colgate of Rockland, who formerly attended members of the Eaton family.
The largest college is in Cairo. It has on its register each year over 10,000 students and 310 teachers.

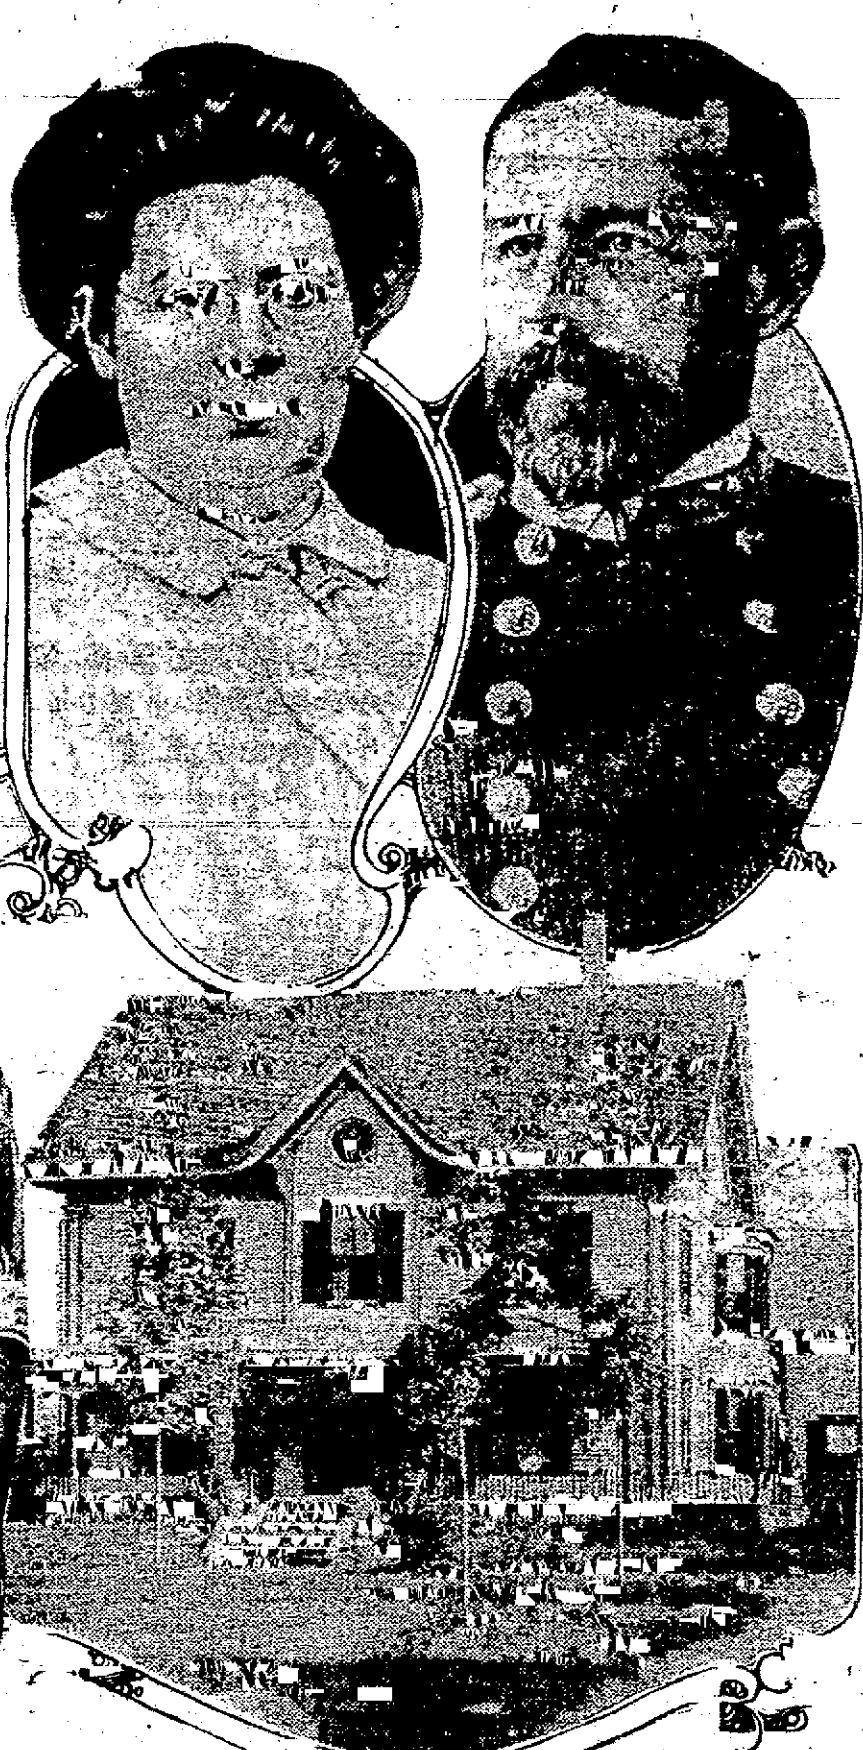

WOMAN ESCAPES OPPRESSION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine. "I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep. Then I would have tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.
If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ADMIRAL'S SUDDEN DEATH MYSTIFIES
The late Admiral Joseph G. Eaton and his widow, who was his second wife. Below, to the left, is Miss Dorothy Ainsworth, his stepdaughter, and, to the right, the Eaton home at Assinippi, near Norwell, Mass., where he died.

CORPORATION INTERESTS

(Continued From Page One.)
of Chaffee, Goss of Boulder, Hicks of Weld, Kennedy of Eagle, Lee of Denver, Lettich of Pueblo, Lewis of Teller, McDonald of Pueblo, Old of Clear Creek, Packard of Park, Philp of Weld, Richards of Gilpin, Sweet of Denver, Turnbull of Lake, Weaver of La Plata, Weiner of Seguche, West of Otero, Wood of San Miguel, Wright of Denver and Speaker Skinner. Republican-Progressives—Cunningham of Larimer, Hawkins of Delta, Main of Delta, Newton of Mesa, Persons of El Paso, Riddle of Adams and Smedley of Denver.
Absent or not voting—Ashton and Bennett, Democrats; Thomas, Republican-Progressive; Valdez, Republican.
Representative Persons' municipal ownership feature of the bill doubtless will come up tomorrow afternoon. Sentiment in favor of this provision is gaining ground daily among all parties, and its prospect for passage is considered bright.
Favor Stock Watering.
The customary adroitness of the supporters of the corporation contentions was shown in the debate on the Slattery motions. While contending that the amount of bonds and stocks outstanding made no difference with the fixing of rates, the Slattery-Hasty forces contended that nevertheless new roads could not be constructed unless they were left with the power to water their stocks. They did not explain the necessity of leaving this power to the roads.
"To leave sections 36 and 37 to the bill," argued Slattery, "would more absolutely prohibit the building of new roads than to leave section 35 in."
Speaker Skinner read from the report of the last session of the American Association of Railway Commissioners, which reiterated over and over again the absolute necessity of the regulation of stock and bond issues as a preliminary to rate making.
California Experiences.
Persons of El Paso backed up the speaker's assertions by reading from a letter from President Eschelman of the California commission, who said: "The regulation of the issuance of securities is absolutely necessary to rate making." Mr. Eschelman pointed to the experience of one California street railway, with bonds of \$4,000,000 and stocks of the same amount, though the road is actually worth no more than \$20,000,000. Unless the road makes interest on its bonds it cannot continue in business. It would have to go into receivership. So the people on account of the watered bonds, have to pay twice as much in interest as they should pay.
Persons pointed to the experience of the city of Denver in its fight with the water company. The company has outstanding \$10,500,000 in stocks and the same amount in bonds. The property was appraised as being worth \$1,000,000. The city claims it is not worth more than \$7,000,000. Probably all the stock is water, and possibly there is water also in the bonds. But nobody knows what the property is actually worth, because the issuance of the stocks and bonds was not regulated, and both bond and stockholders will contend in court for their right to have pay for the par value of their securities.
In New York the recent receivership of the city traction system was caused by the flagrant manner in which the

stocks and bonds had been watered. Quoting from a compilation of government messages, Mr. Persons showed that practically without exception they declared for the regulation of stock and bond issues.
Slattery Nonplussed.
"Why," asked Gallup of Slattery, "shouldn't regulation be left in the bill, as you say, it doesn't affect rate making?"
Slattery was somewhat at a loss to answer, but as Gallup kept pressing him, he admitted that the courts, in deciding what was a reasonable rate, would consider physical valuation, and the stocks and bonds outstanding.
But it was Vogt who became most confused. He took the floor just after Weaver had pointed out that the Democratic platform contained a provision, drawn by Governor Ammons, Judge Scott, Senator Thomas and Senator Burris, declaring specifically that stock and bond issues should be regulated.
"None of us have bought or sold many stocks," began Vogt; "therefore in this matter we should take the advice of those who have. This platform pledge was drawn several months before the people had a chance to pass upon it, and when they voted down the two public utility bills submitted to their vote they showed they didn't want stock and bond issues regulated." Members tried to find out why, if that were the case, Vogt believed they want any utility bill. "Calvin reason tells me what they want and what they don't want," he replied. "But their vote did show that they are not yet Socialists, nor do they believe in confiscation, nor in putting a damper on business. Why, Norman Erb tells us."
Speaker Hissed Down.
But the member from Lincoln got no further. There was a chorus of groans and hisses, and Chairman Kennedy of the committee of the whole was forced vigorously to rap for order. "Don't you know Erb is sent here as a tool of the interests, to kill this measure?" demanded F. B. Gates.
"Have you any assurance that he will build the Moffat road even if we give him everything he asks?" inquired Gates.
"Didn't he say," asked Gallup, "in a speech right here in Denver that the people of the east wouldn't put up this

Vorhes
Have you seen this new style boot?

It's a white Nubuck boot with a flat heel, a 1913 novelty at the Vorhes Shoe Co.
\$4.00

money unless they get a whole lot more than value received."
"Watered stocks don't cost me a cent," shouted Vogt; "they don't cost the state a cent. And if the people back in New York get stung, what do we care?"
"You think we'll make a horrible mistake, then, if we carry out the plain provisions of our platform, do you?" inquired McDonald.
"I certainly do," was Vogt's emphatic reply. "Rather than do anything that would prevent the railroads from building new lines, I would prefer to get along without any regulation, either of rates or service."

(Continued From Page One.)
state politics. "The Lord gave me two ears and one tongue," he said as he left. "It might have been better if I had many ears and no tongue. I am not talking. I am listening."
Another conference with Governor Dunne followed Mr. Bryan's brief address to the Fellowship club. Only the governor and his campaign manager, William L. O'Connell, besides Mr. Bryan, were present at the two conferences.
The secretary of state left for Springfield before midnight, accompanied by Governor Dunne, O'Connell, Colonel J. Hamilton Lewis and Former Governor Folk of Missouri.
When it became known here tonight that Mr. Folk had met Mr. Bryan here by appointment and would travel with him to Springfield tomorrow and accompany him to St. Louis on the secretary's journey to Lincoln, it was rumored that tender of some important office in this country or abroad would be made to Mr. Folk.
LONDON, March 17.—"A blazing indiscretion," is how the Morning Post describes the speech of William J. Bryan, the secretary of state, at the St. Patrick's day banquet given by Irish Americans at Washington on Saturday evening. The Post reprints the portions of the speech in which Mr. Bryan congratulated the Irish nationalists in their success of the home rule bill and referred to the virtual end of hereditary rule in the British empire. The Post says that while it does not suppose that Mr. Bryan intended to give offense he should understand that his speech is regarded with keen resentment by many people in Great Britain and in their opinion is a gratuitous and unwarrantable interference in the domestic affairs of the United Kingdom.
"As long as the prudence and sagacity with which the secretary of state discharges his task depends the relations of the United States with other countries," continues the Post, "it behooves him to observe caution in his references to other nations."
WASHINGTON, March 17.—The supreme court today granted a restraining order to prevent Postmaster General Burdett from enforcing the newspaper publicity law while the court has under consideration the question of its constitutionality.

Invest \$60 and 10 Days
You're entitled to it, and what's more to the point, you need the recreation. It will pay a larger dividend than any investment you've made in a long while. Better make your reservation now. Take any rail line to New Orleans, stop over there, say "hello" to the friends you haven't seen in years, then board one of the
Southern Pacific Steamships
to New York and enjoy 2,000 miles of good air. Get away from yourself—forget everything except the fact that you are paying an old debt to yourself. \$60 is the fare from Denver to New York, including berth and meals on ship.
If you want more information, as to sailing dates, etc., write to

Garfield Pupils Study and Practice Science of Ethics

For several weeks they have been studying the science of ethics in the Garfield school, and just now it looks a little like the pupils were learning themselves, and for this even the teachers are proud of their interest in the study.

Last Friday, the day school closed, the Garfield pupils, there were a number of visitors at the opening exercises in the eighth grade room, and they were much impressed with the contributions of the young people to the program, as an outgrowth of the work of the class room.

The pupils learn quotations bearing upon the development of character, and the proper ways of dealing with special phases of school life and the ethical theories that are applicable to the same. There is nothing essentially different from the training of children in all the school houses in the land. The great difference between the work at Garfield school and that of most other schools lies in the fact that things you have heard of all your life, that might well be ranked as platitudes, do not sound old or hackneyed when you hear these eager little pupils say them. A boy is not describing the kind of boy that was worth while. That doctrine is true enough, of course, and the special value it has with relation to this particular school is that the boys try hard not to be lazy, or idle, or careless.

Someone else told the biography of one of the old school desks, scarred with countless knives in the past years. The children seem to think that the scars come in the years before they began to study ethics. They agree that when the old desks are taken out and new ones put in the pupils will unite in keeping the new furniture in good order.

SAYS WOMAN JUDGE

(Continued From Page One.)

of the vote which is to be taken at the coming election on the wet and dry proposition. Attorney J. F. Jackson, representing the antisaloon people, appeared before the council with the request that certain changes be made in the judges in order to give the "dry" side representation at the various precincts on election day. Questions as to whether some of the judges he desired replaced are "dry" or "wet" came up promptly, and the charges against the integrity of some of the judges to whom there was objection followed at once. At one time, during a heated discussion, one of the councilmen whistled to Jackson and referring to a particular name in discussion, said:

"He's just as dry as you are."

When the matter was finally concluded, some of the changes desired were made, but others were voted down. The remnants of the discussion, however, went over into the discussion of putting certain matters, which had been petitioned for, on the ballot at the coming election.

Argument Over Tax Levy.

The point in question was the proposed amendment to the charter which provides that during any fiscal year the city taxes shall not be more than 20 mills. Mayor Hamble remarked that it might not be legal to put this on the ballots, as the petitions calling

FARMERS IMPLICATE OTHER CONCERNS IN AN ALLEGED COMBINE

OMAHA, March 17.—The International Harvester company today introduced evidence in its defense to the government antitrust suit to show that other manufacturers were using methods similar to those charged by the government against the defendant.

W. D. Lowe, an Atlanta, Ga., lawyer, testified that the John Deere plow company, which manufactures plows and mowers, presented him with a contract which, if he had accepted it, would have ruined his business and prevented him from taking on other ones which were necessary to a successful pursuit of his operation as a dealer.

Mr. Lowe told during his testimony of having had similar trouble several years ago with the International company. At that time he refused to combine himself to the line of one manufacturer and he declined to take the John Deere line because of the nature of the contract offered him. He said that by the provisions of the contract offered him he was forced to take on other lines too large to make his business profitable. He cited one dealer who had been bought in a similar manner and was forced to depend on the assistance of an independent jobber for his existence for three or four years.

"I am out in business for my health," testified J. W. McMichael of Knoxville, Tenn., and I am handling lines for which there is a demand. I find a letter said the International goods and have for that reason, refused to handle others."

Attorney Grossman for the government brought out during the day that with one exception, the International company handled from 85 to 100 per cent of harvesting machinery in the territory from which witnesses were called.

for it had been filed February 27, while the charter was not legally adopted until March 6, when copies of it were filed with the secretary of state in Denver. The question was at once raised as to why the charter had not been filed before, and when the mayor replied that it had been held over for the council to authorize the payment of the necessary \$10 fee, the question was raised as to why the fee had not been paid by some one person whom the council could later reimburse, as had been done in former instances.

This dispute threatened to become as bitter as the other one had been, but it was settled on the statement of City Attorney Schreiber that while it might not be right for the proposed amendment to go on the ballots at the election April 1, it would be proper, in his opinion, for it to be voted on at the election April 15, if that election is held. Acting on this, the council agreed that two proposed amendments to the charter shall be submitted at the election of April 15, if it is held. Otherwise the petitions calling for their submission are to be held of no effect.

One of these amendments provides that the commissioner of records and seals (city clerk) and not the commissioner of public affairs (mayor) shall be police judge, and the other that the city taxes during any fiscal year shall not be greater than 20 mills.

License Money Refunded.

Little other business was transacted by the council. By a vote of four to one, it was agreed to buy a lot in the Rustic Home addition for road purposes. The price of this lot, which is 60 feet wide, is to be \$350. The payment of the costs in Colorado City, the old local-option contest case, was held over for an investigation. The council adjourned until April 2.

The refunding to the saloon keepers of their license money for March, which was authorized at a special meeting of the council several days ago, has been generally carried out. The only one who has not yet collected the money due him is James I. Lacey.

HYDE JURY FAILS TO AGREE; DISCHARGED

KANSAS CITY, Mo., March 17.—After having deliberated since 10 o'clock Thursday night the jury in the case of Dr. E. Clark Hyde, on trial for the murder of Col. Thomas H. Swagg, millionaire philanthropist, reported at 12:35 p. m. today a disagreement and was discharged.

The jury stood nine for acquittal, three for conviction.

ALLEGED FUGITIVE BANKER IS ARRESTED

EL PASO, Tex., March 17.—Emmett Darragh, the missing messenger of the Hamilton National bank of Chattanooga, Tenn., was arrested here today. He is held by the city police pending his extradition to Tennessee. A package supposedly containing \$4,000 was shipped to Washington, D. C., by the Chattanooga bank, but on arrival contained no money. Darragh since was missing until his arrest here today.

**Use
GOLD DUST
instead of soap**

You really don't need soap in the house, except for toilet and bath, and possibly a little for your fine laces and lingerie. With Gold Dust the all round cleanser you can do all your household cleaning more quickly—easily, economically than you can with soap or any other cleanser.

Gold Dust does the work better, too. Soap only cleans off the surface; Gold Dust goes into every corner cleaning and purifying, diving out the germs as well as the dirt.

Best of all, you don't need any elbow grease with Gold Dust—it does the work itself.

Another Ref. to Gold Dust in the House.

Dr. J. L. McDonald, Dentist, has all desirable dental appliances in his office, and is perfectly equipped for all dental work.

Let the GOLD DUST TWINS do your work!

Civic League Luncheon.

The members of the Civic League will meet at the Avoca hotel for luncheon Saturday, March 29. There will be some interesting discussions relative to the work of the league, and it is desired that as many of the members as possible should be present. Those who intend to go are asked to notify either Mrs. Horace G. Lunt, 431 North Cascade avenue, or Mrs. Lawrence T. Gray, 728 North Cascade avenue, before Wednesday, March 26.

Give Two Parties.

Mrs. Josephine Gellert was hostess at two parties yesterday afternoon and evening. About 25 of her friends enjoyed an auction bridge party in the afternoon at her home, 18 East Columbia street. The decorations, carrying out the spirit of the day, were of pink and green, carried out in flags, streamers, etc. The flowers, white snapdragons, blended in with the green with good effect. Mrs. Charles H. H. and Mrs. David Elliott, with Misses Elizabeth Howbert and Josephine Cunney, assisted in serving. In the evening another company, enough for two tables of auction bridge, enjoyed the further hospitality of Mrs. Gellert.

Lenten Recital Yesterday.

There was a good attendance at the organ recital at Grace church yesterday afternoon, the last one of the Monday recitals by the organist, Mr. Nelson Drett, which have been a feature of the Lenten season. The program yesterday, including some of the favorite organ selections, was a very enjoyable one.

Will Hold Social Session.

The Lady Macabees of the World will meet in social session this afternoon at 2:30 at the home of Mrs. C. W. Scott, 212 Concord street, Roosevelt. Friends of the order are invited to be present.

Woman's Union to Meet.

The Woman's Union of the First Christian church will meet at the church this afternoon at 2:30. It is desired that there should be a large attendance.

Senate Dance Last Night.

The young men of the senate of the High school made a great success of the dance arranged for their friends last night, and a merry group of young people enjoyed the good music and good floor to the utmost. A committee composed of Edward Morath, Wright Webb and Wilbert Shaffer made the arrangements, and they were complimented for the success of the evening. The Antlers ball room was hung with the senate blue and white, and the senate emblem, in blue and white electric lights, hung on the north wall. The platform where Fink's orchestra was seated was screened with green ferns and trailing vines. The pretty dance cards, in blue leather with the initial in white, also carried out the colors of the evening. The program consisted of 14 dances, with all the extras the orchestra would give. The dancers were Mr. and Mrs. Hill, Mr. and Mrs. K. Stittwell Moore and Miss Finkes and Mrs. Sweeney. Among

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents worth) in a pint bottle, and fill up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quinalin and all the natural healing nine elements. Other preparations will not work in this recipe, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Scenic Incline Railway
Is Improving Property

Work has commenced on the extensive improvements that are to be made this spring by the Manitou Incline Railway Co. at their station in Manitou, and Dr. N. N. Brumbach, president and general manager of the road, stated last night that they would be completed when his attraction opens for the season May 15. The depot is being enlarged, new platforms are being built and new waiting rooms constructed. North of the new pavilion a restaurant is being constructed which will measure 24 by 40 feet.

AUSTIN WILL NOT BE
CANDIDATE FOR MAYOR

Charles H. Austin of Manitou, who was nominated for mayor of that town while he was out of the city, declined to run on his return Saturday. He gave as his reason that his business interests would not permit him to accept the place. John Paulson of the Grand View hotel has been named in his place by the committee on vacancies. Austin is one of the owners of the Cave of the Winds.

COLORADO SPRINGS DRUGGIST
DESERVES PRAISE

The Colorado Springs Drug Co. deserves praise from Colorado Springs people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler's-Ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that A SINGLED-DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY.

SECOND LEECH WILL IS BEING CONTESTED

A second will of the late Dr. J. A. Leech is being contested in the county court by his widow, Mrs. Amanda Leech, who succeeded in keeping his last will from probate. The second will was made September 22, 1901, about 10 years before the last will. Judge Kinney has taken the matter under advisement.

On the ground that it was not properly executed the last will was not admitted to probate in the county court. An appeal was taken to the district court and Judge Morris sustained the decision of the lower court. The witnesses admitted it is said, that they did not know they were signing a will and that they did not see Dr. Leech sign it. In this will Dr. Leech left his widow income of the estate to an amount not exceeding \$500 a year.

In the will now being contested, Mrs. Leech was to inherit the entire estate for life and was permitted to use not more than \$1,800 of the principal. At her death the estate was to be divided among Dr. Leech's relatives, except a part which was left to Mrs. Anna Maehl.

The objections of Mrs. Leech to the second will are that one of the witnesses, J. J. Maehl, was disqualified from acting as a witness on the alleged ground that he was an interested witness, two-fifths of the estate being left to his wife, Mrs. Anna Maehl; that the witness J. T. Clough was named executor, because, she alleges, that he was interested in being entitled to certain fees, and on the further alleged ground that the will had not otherwise been properly executed.

SAYS FRIEDMANN 'CURE' HAS RESTORED HEALTH

Word has been received here by R. F. Fitzsimmons, telegraph operator for W. A. Otis & Co., from S. C. Moran, assistant superintendent of the Postal Telegraph Co. of Pittsburgh, Pa., stating that the report of the value of the Friedmann treatment for tuberculosis which was given to Attorney David McCann of that city was true, and that the treatment has proved a complete success. McCann was sent to Berlin by the Pittsburgh Press for the treatment, and took a number of injections of the serum, stating that he now is completely cured.

HAS NEW DEVICE TO SHOW AUTO NUMBERS

W. H. Michael, a painter and paper-hanger living at 1227 East Boulder street, has invented a device for lighting automobile numbers at night, and has applied for a patent for it. He is already taking orders and will put the device on the market here in the near future.

The new illuminated numbers can be seen 150 feet at night, better, it is said, than they can in the daytime. The device consists of an ordinary lantern, such as is used for rear lights on automobiles, with a rectangular box attached to one side. There is an opening between the lantern and the box, and the back, top and bottom of the box are painted white to reflect light. The numbers are painted in black on a whitened glass slide in the front of the box. This slide may be of size to accommodate any numbers or lettering desired.

One of the number-lanterns is on exhibition at the office of the city clerk.

RICH STRIKES MADE IN NEW MINING DISTRICT

Many Colorado Springs men, especially those who have secured locations in the district, are interested in gold strikes which have been made in a new camp in Conejos and Rio Grande counties. The district is the Platora-Summitville-Gilmore district in the San Juan mountains. Assays of the ore from the camp, some of which has been received here, run from two ounces to eight and ten ounces in gold to the ton, or from \$40 to \$200. Much development work is expected in the district as soon as the snow is off. John Milliken of this city, who was in the district on an inspection trip last week, found the snow too deep for satisfactory work at present. He will make another trip later.

BEN GREY PLAYERS Burns, March 24, Y. M. C. A. Star Course.

COLLEGE SENIORS TO PLAY 'MUCH ADO ABOUT NOTHING'

The senior-class play at Colorado college commencement will be Shakespeare's "Much A Do About Nothing" instead of "The Comedy of Errors" as was first chosen. The new play is better adapted to the talents of the class, and when presented five years ago proved a distinct success. Miss Evelyn Lewis will coach the set and with Prof. Homer E. Woodbridge and Miss Jessie Barclay will choose the cast of characters. Try-outs will be held soon.

FOUNTAIN MAY HAVE OWN WATER SYSTEM

Fountain may have a municipal water system if the efforts of T. B. Fyles, the candidate of both political parties for mayor at that place, are successful. The incumbent councilmen will be reelected. They are as follows: J. W. Iseley, W. P. Riddick and A. D. Mann.

ENGINEERS CLUB HELD BANQUET LAST NIGHT

The annual banquet of the Engineers club of Colorado college was held last night at the Alamo hotel, and about 50 members participated. Wallace C. Shapcott, president of the club, presided, and a number of toasts were given by student and faculty members.

WHEN A LAXATIVE IS NEEDED "CASCARETS."

Salts, Calomel and Cathartic Pills are violent—they act on bowels as pepper acts in nostrils.

Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will sleep great by morning. You, man and woman who have headache, coated tongue, can't sleep, are nervous, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets? Cascarets form a passage-way every two days for salts, cathartics, pills or castor oil. This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Remember, a Cascaret tonight will straighten you out by morning. A laxative box from your druggist means a healthy bowel action, a clear head and cheerfulness for months. Don't forget the children.

GOOD SINGING MARKS "NAUGHTY MARIETTA"

Excellent singing is the feature of "Naughty Marietta" which was presented before a large audience at the Grand Opera house last night, with Florence Webber in the title role. Miss Webber has a soprano voice of rare sweetness and clearness, which, combined with her vivacity and personality, makes her a favorite. Her motions appear rather jerky and nervous at first, but her personality grows on one as the play proceeds.

John Cardo, as Richardson Warrington, the American captain, has a pleasing tenor and is a capable actor, while Edward Beck, as Etienne Grandet, son of Governor Grandet of Louisiana, and also the unknown and much-sought-for pirate, "Bras Priquet," takes a prominent part. He has a powerful, bass voice, which he controls well, and his stage presence and speaking voice are the best of the company, barring Miss Webber.

Laura Baer, as Adah, the quadroon owned by the governor's son, has a sort of peculiar grace. She sings also well, but her speaking voice is not pleasing.

Take it all in all, the singing is much better than is heard in the average musical comedy. The plot is negligible. Marietta, who is the daughter of a wealthy Italian, has escaped from a convent and comes to New Orleans, where the scene of the play is laid, and falls in love with the American captain. The governor's son loves her, and sells his quadroon at auction. The American buys the girl in order to prevent her falling into the hands of an East Indian, but immediately afterward loses her. Not knowing his generous motive in buying the slave, Marietta, in a fit of pique, promises to wed the governor's son, but the quadroon reveals the fact that he is the notorious pirate, and the captain falls as he is led away to prison, while the American, who at last has discovered that he loves Marietta, is claiming her for his bride.

Some bits of good comedy enliven the production. There are no scenes effects worthy of mention, and the singing and dancing chorus is about up to the average.

BEN GREY PLAYERS Burns, March 24, Y. M. C. A. Star Course.

CONTRIBUTORS TO SEED FUND TO MEET TONIGHT

Contributors to the seed and feed fund which business men of Colorado Springs provided last spring for the farmers of eastern El Paso county will meet tonight in the Chamber of Commerce rooms to hear a report from John Lennox, Irving Hoybert and J. G. Dorn, trustees of the fund. More than 90 per cent of the fund of \$8,000 which was raised last year has been paid back. There were 250 contributors to the fund and about 150 farmers were helped to get seed which brought them a prosperous season. Those who contributed will decide what further action will be made with the money collected. The meeting will be called at 7:30 o'clock.

MANY A SUFFERING WOMAN Drags herself painfully through her daily tasks suffering from backache, headache, nervousness, and loss of sleep, not knowing her ills are due to bladder or kidney trouble. Foley Kidney Pills will help any form of kidney or bladder trouble, any backache, rheumatism, uric acid poisoning or irregular kidney action. They are strengthening, tonic and curative, and contain no habit-forming drugs. No one who suffers from kidney and bladder trouble can afford to overlook Foley Kidney Pills. Robinson Drug Co. Adv.

TELES MINISTERS HOW TO USE THEIR VOICES

The time of the meeting of the Ministerial Association at the Y. M. C. A. yesterday morning was devoted to a talk to the ministers by Dr. A. B. Solenberger on "The Hygiene of the Vocal Organ." Dr. Solenberger explained the vocal organs, the care which should be taken of them, and recommended certain methods of practicing with their voices for the ministers to adopt. He used many illustrations, and the address was characterized as one of the best on that subject that many of those present had ever heard.

MEMBERS OF BAR TO HOLD SPECIAL MEETING MAR. 22

A special meeting of the members of the Colorado Springs Bar Association will be held at the hotel on Tuesday evening, March 22, at 8 o'clock. The meeting will be held at the hotel on Tuesday evening, March 22, at 8 o'clock. The meeting will be held at the hotel on Tuesday evening, March 22, at 8 o'clock.

ELKS CELEBRATED DAY WITH ANNUAL GREEN TEA

Two hundred and fifty Elks of that St. Patrick's day last night at a banquet given at the Elks hall. An elaborate banquet was followed by addresses and by a program of music characteristic of the Emerald Isle. The decorations were in green with shamrock and with Elms' golden boughs. S. H. Kinsley presided as toastmaster, and the musical program was under direction of Lou Fink. Addresses were made by Charles E. Thomas, Martin A. Burns, James A. Orr, Henry Cassidy, O. P. Grimes, G. H. Logan, and Walter Udick, of this city and Bert Langridge of Boulder.

St. Mary's Catholic church observed the day with high mass and sermon yesterday morning by Father Noonan of Rocky Ford in the pulpit. A banquet and entertainment was given last night in St. Mary's hall. John D. McGovern, a city supervisor of Denver, delivered an address.

QUORUM LACKING, CAN'T CALL TOWN ELECTION

Mayor M. H. Dusenbury and other town officials of Green Mountain Falls yesterday in the county court presented a petition in answer to the petition recently filed by James J. Lee, a voter of the town, in which Lee asked the court to issue an alternative writ of mandamus directing the officials to arrange for an election to be held there April 1, 1913, or show cause why the election should not be called. There has been no town election in Green Mountain Falls since 1910, when the present mayor was elected.

In their reply the officials declared that a number of the town trustees have been absent from the county and state, and that there is not a quorum of the board to transact business. Even if a quorum were now present, they state, the time for filing nominations has expired. No valid nominations have been made, they aver. They ask that the procedure of Lee be dismissed and no election called.

Lee complained to the court that no election had been held in Green Mountain Falls since April 7, 1910, the incumbent officials either "failing, neglecting or refusing" to call a town election in 1911 or in 1912, although the law requires that an annual election be held the first Tuesday of each year in incorporated towns.

Societies and Clubs

The Equitable Fraternal union will hold its regular monthly session at its assembly hall in the Y. M. C. A. building this evening at 7:30 sharp. Initiation of new members.

Colorado Springs Post No. 22, G. A. R., will meet in regular business session this evening at 7:30. There will be no program.

Special convocation of Colorado Springs chapter No. 4, R. A. M., will be held tomorrow evening at 7:30 o'clock. Work in the M. M. and P. M. degrees.

Personal Mention

Miss Marjorie Pastman, 1504 North Royer street, is the guest of Miss Winifred Clark, in Cripple Creek.

Dr. and Mrs. William A. Shepard, 105 West Cheyenne road, are receiving a visit from their daughter, Mrs. Karl Schuyler, of Denver.

F. A. Gillespie of Garden City, Kan., is in the city on a business trip. He will visit Denver before returning to his home. Gillespie is general manager of the United States Sugar and Land company.

Nothing is wasted in Japan. Uses to which straw is put, after the threshing season, are seemingly endless. It is converted into bags for grain, shoes for the feet, raincoats for the body, roofs for the houses, paper mats, screens, beds and numerous other articles.

HERE'S A BIG BOOST FOR CITY'S BOYS AND GIRLS

Colorado City has more good boys and girls living portions of public life than any other city of its size in the West. Because they have adopted Mother's.

This sign has been painted in large white letters on a blackboard and is placed over the door of a store in the downtown district of Colorado City. The same sign can be seen in many other places in the city.

News of Local Courts

FRATERNAL BANKERS FILE ANSWER TO \$450 CLAIM

The Fraternal Bankers Reserve society yesterday in the district court filed answer in the suit for \$450 brought against it by Myrtle A. Taber, beneficiary of Miss Nora D. Marshall, who formerly lived at 12 West Fountain street, and who died in this city March 4, 1912.

The society charges that Miss Marshall made false and fraudulent answers to some of the questions asked her when she was admitted to membership in the order. The allegation is made that Miss Marshall said that she was not subject to epilepsy, when in fact she had been an epileptic for years. The society contends that it is not liable, as the membership and the life insurance accompanying it were obtained by alleged fraud.

A new trial was denied the Lake George Development Co. yesterday in the district court in the suit brought against it by William Lyle for \$5,000 personal injury damages, and which resulted several weeks ago in a verdict of \$4,000 for the plaintiff. Judgment was entered against the company. It is understood that the suit will be appealed to the supreme court.

On complaint of his wife, Mrs. Julia Rimmel, who charges him with non-support, Clarence Rimmel was arrested yesterday on a warrant from Justice Gowdy's court. He admitted the charge, and in default of \$1,000 bond was committed to jail to await trial next Thursday. Mrs. Rimmel says that her husband deserted her September 26, 1912. She alleges that he has been shadowing her for the last several days, and that she fears he may do her bodily harm. Rimmel was sitting on a bench in the court house when his wife slipped into the court house to secure a warrant for his arrest.

A jury in the district court yesterday returned a verdict of \$100 for the plaintiff in the suit of Edward Honnen against A. C. Smith. Honnen sued for \$2,300 in the controversy which developed over a contract for paving excavation. The defendant was given five days in which to file a motion for a new trial.

Mrs. Minnie S. Whiting filed suit in the county court yesterday for divorce from George S. Whiting. She alleges desertion. The couple were married in Colorado Springs in 1891.

George Sly was fined \$5 and costs in Justice Dunnington's court yesterday, on a charge of assaulting U. S. Starr, and in default of payment was committed to the county jail for 15 days. The trouble developed from rivalry between the two men, who are employed by different hotels.

F. N. Peyton and Orin Stevens, charged with stealing two horses and saddles from the ranch of Ed Brown, two miles south of Falcon, waived preliminary examination in Justice Gowdy's court yesterday. Peyton pleaded guilty in the district court and was sentenced to the state reformatory by Judge Morris.

E. H. Sears, Harvard graduate, and son of an aristocratic New England family, was released yesterday from the county jail, where he had served 20 days as a part of his sentence on a charge of beating a \$50 board bill at the Antlers hotel. He paid the fine of \$50 and costs which was added to the jail sentence. Sears' home is at Brookline, Mass.

Harriman Lines Pay Forfeit of \$1,266,500

NEW YORK, March 17.—Members of the Union Pacific underwriting syndicate received checks today in payment of their share of the \$1,266,500 forfeit paid by the railroad because of the failure of the Harriman line dissolution scheme. The forfeit represented 1 per cent of the par value of \$126,650,000 of the Southern Pacific stock, which the underwriters were obliged to take if the United States district court in St. Louis and the California railroad commission gave their approval to the dissolution agreement.

NO FOUL PLAY IN DEATH OF ACTRESS

SOUTHAMPTON, England, March 17.—The post mortem examination on the body of Frances Leslie, an American actress who died aboard the Oceanic, Saturday, was held today without revealing anything unusual as to the cause of death. A coroner's inquiry was opened and adjourned until April 14.

It has been established that Miss Leslie told several passengers that she was subject to heart disease and epileptic fits.

Though the door of a vault in a New York bank weighs 40 tons, it is so carefully balanced that it can be opened and closed with a man's finger.

Society Leader Shows
How Flat May Be
Furnished for \$250

MRS. WILLIAM K. VANDERBILT of New York. Mrs. William K. Vanderbilt, Sr., the wealthy society leader and settlement worker, has discovered a new way to help the working classes to help themselves. In one of the Vanderbilts model tenement houses on East Seventy-eighth street, in the heart of the working class district, Mrs. Vanderbilt has furnished a model five-room apartment, with everything essential to the comfort of a young married couple and much that is really attractive and beautiful, for the small sum of \$250. Mrs. Vanderbilt, in this way, hopes to prove to young people of moderate means that married life in New York can be enjoyed without fear of the installment man.

MRS. SUN YAT SEN HURT IN AUTOMOBILE ACCIDENT

TOKIO, March 17.—Mrs. Sun Yat Sen, wife of the former provisional president of China, was injured in an automobile accident while driving

short Tokio. She was removed to St. Luke's hospital, but her injuries are not considered dangerous. One member of the party was seriously hurt.

The oldest college is University college, Oxford. It was established in the year 1050.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anemia, is common in young folks as well as old. Especially is the case with those who work in fly ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic dioxide gas. This blood, or blood which lacks the red blood corpuscles in anemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to knowing that it has given satisfaction for over 40 years.

**DR. PIERCE'S
GOLDEN MEDICAL DISCOVERY**

is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart, nerves, brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form of all medicine dealers, or tablets by mail, prepaid in \$1 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

THE BEN GREY PLAYERS STATEMENT BY THE VICE PRESIDENT OF THE BUREAU

It is with no little satisfaction that we announce our success in arranging with Mr. Ben Grey for a company of 16 players, personally trained and coached by him, to give plays in a manner and at terms which are practicable for lyceum courses. This is a great step in advance for the lyceum. Mr. Grey presents the best in dramatic literature with true historicity in a way which has not been excelled by any other producer. Mr. Grey is considered today one of the greatest living authorities on the English drama, and is well known for his remarkable production of Shakespearean plays and other English comedies. He has been connected with the stage for 20 years and has taught many

actors; perhaps more than any other man living today for 20 years Mr. Grey has been prominent in England for the performance of such his splendid companies have each year in London, Oxford, Cambridge, Stratford-upon-Avon and other places. Shakespearean plays, Mr. Grey has become well known in America several years ago through his presentation of the morality plays, and under the management of Charles Freeman. This is the first time Mr. Grey was presented in America as a professional company in the United States. This was later followed by the production of Shakespearean plays and classical comedies. The Ben Grey players have a season at the Grand Theater, New York, covering nearly 200 performances, followed by appearances in other cities throughout the United States. Six years ago the Ben Grey Players, who have since their first appearance at Columbia University before an audience of over 2,000 persons. This was followed by performances at Harvard, Yale, Princeton, Oberlin, University of Chicago, Pennsylvania, Virginia, Michigan, Minnesota, California, and other places. Mr. Grey's company was the first to be invited to appear at the White House grounds. The great success of Mr. Grey's productions is largely due to his ability to choose capable players and train them to keep the dramatic characters in classical plays. The plays presented by him are given in pure fashion with the minimum stage effect. There is nothing to detract attention from the play. These are real educational productions of masterpieces of classical comedy and drama. There are no stunts in the cast, but every actor is experienced and competent. Each plays his part with the sole purpose of depicting the character as it should be. Absolutely correct diction and pronunciation is a distinguishing characteristic of Mr. Grey's players. In the last under the management of the company will be presented to present "The Comedy of Errors."

A COLD, LA GRIPPE, THEN PNEUMONIA

Is too often the final sequence. La Grippe, cough, hiccups, cold, croup, pneumonia, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. J., says: "I was troubled with a severe La Grippe cough and was completely exhausted after each fit of violent coughing. Before I had taken one-half of a bottle of Foley's Honey and Tar Compound, the coughing spells had entirely ceased. I wish to say it can't be said that all colds are limited." Robinson Drug Co. Adv.

Duke Marlborough to Fight Landlord Bill

LONDON, March 17.—The Duke of Marlborough's announced intention of putting forward a bill of amendment to his estate bill, which has attracted great attention here. The duke, who owns 2,000 acres, has chosen this method of making a campaign against the present government's proposed legislation in the direction of the nationalization of land in the Bill of 1912.

The Duke of Marlborough argues that a private landlord can administer his land more cheaply and efficiently than the state. He will endeavor to demonstrate his theories by showing that he can employ a greater number of laborers, give them better wages, produce a greater yield than would be possible under state administration.

RICH VEIN OF SILVER IN MCLELLAN MINE

GEORGETOWN, Colo., March 17.—Royce & Pitz, leasing on the Mclellan mine, on Leesworth mountain, have made a report of one that is 10 inches wide and assays show values of from 20 to 35 ounces silver a ton. Operations are being prosecuted through the old tunnel and the streak is showing for a distance of 30 feet. Stopping has been started and a heavy tonnage will be marketed henceforth.

"A Cube Makes a Cup"

CLOGGED NOSTRILS AND STUFFY HEAD OPEN AT ONCE---CURES COLDS AND CATARRH

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm"

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headache disappear. By rubbing the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any

drug store. This sweet, fragrant balm dissolves by the heat of the nostrils, penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake (night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith just once in "Ely's Cream Balm" and your cold or catarrh will surely disappear. Adv.

ALLEGED HIGHGRADERS CAPTURED IN EL PASO MINE BY SUPERINTENDENT

CRIPPLE CREEK, March 17.—A gang of alleged highgraders, four in number, who are believed to have been responsible for numerous thefts of rich ore, was captured at 2 o'clock this morning at the El Paso mine, on Beacon hill, and lodged in separate cells in the county jail. The capture was made by Superintendent John Nichols of the El Paso company, aided by other employees and a deputy sheriff, and serious bloodshed was narrowly averted.

The men captured are John Uhl, Phil Gustafson, Luke Mourat and George Tiltman, all of Victor. All four were armed to the teeth, carried electric flashlights, ore sacks and tools for highgrading.

Superintendent Nichols had been tipped off from some mysterious source and with a posse stealthily approached the Australia shaft of the mine. Here Uhl, who has a reputation as a tough character, and Gustafson were discovered standing guard, and they were quickly covered and disarmed, although they put up a show of resistance.

Leading into the mine, other members of the posse, led by the superintendent, came on Mourat and Tiltman in a rich slope between the seventh and eighth levels. Both showed fight, but they surrendered when a charge of shot in the legs brought Mourat down from the top of the slope. Ten shot entered his legs, but without inflicting serious injuries. The quartet all insist that they were prospecting.

About a month ago Uhl was shot by John Hoffman, bartender in a Victor saloon. He had been ejected from the place by Hoffman and as the latter was going home laid for him and knocked him down. As Hoffman lay on the ground, Uhl put a bullet into one of Uhl's legs. Little is known of the other three men, who are comparatively recent comers in the camp. They are held for highgrading.

Small Boys Follow Soldiers on Tramp; Fall on the Wayside

PARIS, March 17.—Four boys, whose ages range from 12 to 13, left Sedan recently to follow a regiment of infantry on the march.

Their enthusiasm for the army and the regimental band fired their youthful patriotism and kept them marching all day, until one of their number, Andre Lention, a boy of 12, fell out from the ranks, and, collapsing by the roadside, told his companions that he could go no further.

The boys were penniless, and their pride prevented them from begging. They went into a wood, and dragged themselves, footsore and weary, to a hut among the trees. There they spent the night, and Lention's companions did what they could for him. It was not until next morning, when they could get no reply from him, that they went for help. Then it was found that the boy was dead.

Pres. Wilson Is in Good With Washington Kids

WASHINGTON, March 17.—President Wilson could hold office for life, if juvenile Washington had its way for there was rebellion among the children when it was announced today that on Easter Monday the White House grounds would be kept open two and one-half hours beyond the regular time for the annual egg rolling parades. Hitherto the sloping lawn of the White House has been at the disposal of the children for four hours, from 8 to 1 o'clock. This year the gates will not be closed until 3:30.

The egg rolling on Easter Monday in the White House grounds is an institution that draws hundreds of children and as many more hundreds of adults to watch the frolic. It has been the custom for the president and his wife to visit among the romping children some time during the morning and both Mrs. Roosevelt and Mrs. Taft appeared to take keen enjoyment in the observance.

NATIONAL FLAG FLOATS AS REBUKE TO STRIKERS

PATERSON, N. J., March 17.—The national flag floated today from business and private houses all over the city. People took this means of expressing recent utterances of leaders of the silk mills strike which they considered unpatriotic. There has not been such a display of the Stars and Stripes here since the Spanish war.

About 200 striking operatives, appointed for their old jobs in the mills day, but most of the mills are still closed.

Dr. Ross McClements, who recently lost his leg in a railway accident, has resumed preaching and pastoral work in the First Presbyterian church, Ashbury Park, N. J.

ONE GRAIN OF WHEAT

From the Farmers' Weekly.

A German philosopher has calculated that a single grain of wheat produces 50 grains, and that these 50 will each produce 50 grains more, and so on.

Thus he finds that the grain would develop in the following way: In the second year, 2,500. In the third year, 125,000 grains. In the sixth year, 15,244,000,000 grains. In the twelfth year, the crop would give 300 men one meal, leaving enough bran to feed eight pigs for one day. The produce of a single grain in the twelfth year would suffice to supply all the world with food during their lifetime.

The highest chimney is in Glasgow, Scotland, and is 474 feet high.

The tallest monument is in Washington, D. C. It is 555 feet high.

Food for Mothers and Children

Mothers and children need just such a rich, nourishing food as Rona Dutch Cocoa. Physicians prescribe it for growing children and young mothers. It excels coffee and other drinks because it's a food as well as a gentle stimulant.

VAN HOUTEN'S RONA DUTCH COCOA

But you must be sure to use Rona Dutch Cocoa. For Rona is made in Holland by the Dutch process. It's much richer, smoother, finer. Each sip of this refreshing, healthful food-drink is soothing, invigorating. And it's cheaper than domestic cocoa because it goes twice as far. A 35c can makes 64 cups. Two sizes, 10c and 25c.

RESULTS THAT REMAIN

Thousands of people suffer from backache and kidney complaint. They are tired, and they are not getting any rest. They are tired, and they are not getting any rest.

A LASTING CURE

On October 23, 1912, Mrs. Benson said: "I am glad to confirm the testimony I gave for Doan's Kidney Pills some time ago. I haven't had any kidney trouble since."

ADDRESSED TO WOMEN

Question
Nervous? Excitable? Irritable? Exhausted? Backache? Pain? Has living become a burden? Do you know what is wrong? If not, do you want to know what is wrong?

Answer

Such symptoms, as well as many others equally distressing, are commonly attendant upon functional and organic disease of a distinctly feminine character.

Dr. Pierce's Favorite Prescription

is recommended as a powerful, invigorating tonic, imparting strength to the whole system and to the organs distinctly feminine. For overworked housewives and business women it is a blessing. It induces calm, refreshing sleep, and banishes mental worry and despondency.

This tonic, in liquid form, was devised over 40 years ago for the womanly system, by R. V. Pierce, M. D., and has benefited many thousand women. Now it can also be obtained in tablet form from dealers in medicine, or send 50 one-cent stamps for trial box.

Every woman ought to possess Dr. Pierce's great book, the People's Common Sense Medical Adviser, a magnificent thousand-page illustrated volume. It teaches mothers how to care for their children and themselves. It is the best doctor to have in the house in case of emergency. Over half a million copies were sold at \$1.50 each, but one free copy in cloth covers will be sent on receipt of 31 one-cent stamps to pay the cost of wrapping and mailing only.

Address Dr. R. V. Pierce's Invalids Hotel, Buffalo, New York

CANDIDATES ASKED TO DECLARE POSITIONS

Answers from the majority of candidates for mayor and commissioner on three questions went out by the organization featured the meeting last night of the East Side Improvement society, at the Columbia school. The questions which had been asked of all candidates were in connection with the water bond refunding issue, the issuing of such bonds in small denominations in order that local people could buy them, and the municipal ownership of the "Pike Peak System." The candidates present were Mrs. Jenny Boyd, for commissioner, Dr. S. A. Garth, for mayor, and W. T. Kesson, for commissioner, and all three spoke briefly on their views. None of the candidates who had given the questions any deep consideration came out flatter for or against the discussed propositions.

DR. McELFRESH TO GIVE LECTURE HERE APRIL 2

Dr. Franklin McElfresh, international teacher training superintendent, will visit Colorado Springs, Wednesday, April 2, under the auspices of the Ministerial association and the El Paso County Sunday School association. At a banquet to be given in his honor at the Alhambra hotel, Dr. McElfresh will give an address on "Colorado's Way of putting the Bible into the Public Schools." The Rev. John C. Garman of Denver was here yesterday arranging for the appearance of Dr. McElfresh in this city.

KILLS BIG BOB-CAT

While on his way to the Star ranch yesterday, Fred Bryant of the El Paso livery stable killed a big bob-cat. His dog drove the bob-cat from a clump of brush and Bryant on horseback followed in pursuit. The dog and the cat were huddled up for a fight, when Bryant threw a rock at the cat, stunning it so that he finished it with a knife. The bob-cat measures four feet from tip of tip to tip and weighs 15 pounds.

AN EPIDEMIC OF COUGHING is sweeping over the town and young and old are alike affected. Foley's Honey and Tar Compound is a quick, safe, reliable family medicine for coughs and colds. A. S. Jones, of the Pharmacy, Chicago, Cal., says: "I feel that Foley's Honey and Tar Compound has no equal, and is the one cough medicine I can recommend to my friends as containing no narcotics or other harmful properties." Refuse all substitutes and take only Foley's Honey and Tar Compound. Robinson Drug Co. Adv.

CONVENTION POSTPONED

The El Paso County Sunday school convention scheduled for next Thursday and Friday in this city has been postponed to April 13, 14 and 15, on account of the observance of Passion week. The five denominational Sunday school missionaries of the state will unite in session with the convention.

Colorado City DEPARTMENT

Frank Baker of Pleasant is visiting here.

A union meeting of the churches of Colorado City will be held next Sunday evening in Mack's hall.

Mrs. R. L. Bernard has been notified of the death of her sister, Mrs. Nellie Karp, of Detroit, Mich.

The contractor for remodeling and building an addition to the home of Jesse Jackson, 207 Lincoln avenue, has been awarded to A. J. Earl & Son.

L. C. Strott has as his guest George Roberts of Bakerfield, Cal. Roberts, who formerly lived here, has been a successful operator in the Bakerfield oil region.

A coal shed at the home of County Treasurer Samuel J. Bryan, 308 Lincoln avenue, burned early last evening. There was little damage.

Holy week services are to be held in the parish house of the Church of the Good Shepherd today, tomorrow, and Thursday, at 4 o'clock in the afternoon. Good Friday service will be held in the church at 10:30 o'clock in the morning.

The Retail Grocers and Butchers association, which includes many firms in both Colorado Springs and Colorado City, held a regular meeting last night at the City Grocery and Market, 427 Colorado avenue. Routine business was taken up and several bills now before the legislature were discussed.

MEMBERSHIP COMMITTEE MEETS TOMORROW NIGHT

The membership committee of the Chamber of Commerce will meet tomorrow night to hear reports on the progress of the present campaign for new members. Tod Powell is acting chairman of the committee.

A MESSAGE TO RAILROAD MEN E. S. Bacon, 11 Bath St., Bath, Me., sends out this warning to railroaders everywhere: "My work as conductor caused a chronic inflammation of the kidneys, and I was miserable and all played out. I was weak and had dizzy spells, and a friend recommended Foley Kidney Pills. From the day I began taking them I commenced to regain my strength. The inflammation is gone and I feel better now than I have in twenty years." Try them. Robinson Drug Co. Adv.

HAYDEN, STONE & CO. WILL BUY DOHERTY COUPONS

According to information received today by Newbold, Taylor & Gauss, local brokers, Hayden, Stone & Co., the celebrated New York and Boston bankers, are making a liberal offer to holders of the gold notes of the Gas Securities company, one of the Henry L. Doherty concerns. Hayden, Stone & Co. will buy the convertible coupons attached to the 8 per cent gold notes of this company, due March 10, 1914, at 2 per cent of par, payment to be made on delivery. The offer is for acceptance within 10 days of the date of the letter, March 12.

FIRST OF FAMILY OF SEVENTEEN TO MARRY

Henry Endrude of Fowler, who has been with the Brunswick Amusement company in Colorado Springs for several weeks, and Miss Emma Howard of Colorado City, were married Sunday evening by the Rev. Mr. Hutchinson at the home of Mr. and Mrs. Dayton E. Elerson, 1 South Corona street. Mr. Endrude had not notified his parents of the wedding and will surprise them today by taking home a bride. He is the first of their 17 children to marry. Mr. and Mrs. Endrude will be at home at La Junta after April 1.

Lady Baltimore Cake

The Most Popular Cake This Season

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This is considered by many cooking authorities the finest cake that can be made, though in reality it is not at all difficult.

K C Lady Baltimore Cake
One cup butter; 2 cups granulated sugar; 1 cup milk; 1 teaspoonful rose water; 3/4 cups flour; 3 level teaspoonfuls K C Baking Powder; whites of 6 eggs, beaten dry.

Cream the butter and beat in the sugar gradually. Sift together, three times, the flour and baking powder, and add to the butter and sugar, alternately with the milk and rose water. Lastly, add the egg whites. Bake in three-layer cake pans. Put the layers together with the following frosting.

Frosting for Lady Baltimore Cake
Three cups granulated sugar; 1 cup boiling water; whites of 3 eggs; 1 cup chopped walnuts; 1 cup chopped nut-meats; 5 eggs cut in thin slices.

Stir the sugar and water until the sugar is dissolved, then let boil without stirring until the syrup from a spoon will spin a long thread; pour upon the whites of the eggs, beaten dry, beating constantly meanwhile. Continue the beating until the frosting is cold; add the fruit and spread upon the cake.

The K C Cook's Book contains plenty just such delicious recipes—bread, muffins, cakes and pastry. You can secure a copy free by sending the certificate packed in every 25-cent can of K C Baking Powder to the Ladies Aid Co., Chicago. Small cans do not contain Cook's Book certificates.

Deaths and Funerals

The funeral of the Rev. John J. Pleasant, pastor of a local colored church, was held at 2:30 o'clock yesterday afternoon, burial being in Evergreen cemetery.

Milton Wright, aged 27, of 218 North Institute street, died at 6 o'clock last night at a local hospital. Arrangements for the funeral have not been made.

Mrs. Clara A. Jones died yesterday morning at her residence, 1230 North Tejon street. She is survived by her husband, Daniel Jones and two daughters, Laura and Edith. Mrs. Jones had been a resident of Colorado Springs for the last 18 months, and previous to that time resided in Denver and Leadville. Funeral arrangements have not been made, but interment will be in Evergreen cemetery.

Until recently the most costly medicine was supposed to be metallic gallium, \$150,000 a pound. But lately radium has far outstripped it in price, bringing about \$200,000 an ounce.

WHOOPIING COUGH SPASMODIC CROUP BRONCHITIS ASTHMA COUGHS Vapo-resolene. ESTABLISHED 1879. A simple, safe and effective treatment for bronchial troubles, avoiding drugs.
